BRAC 2005

Purpose of Briefing

- ❖ Overview of BRAC 2005
- ❖ State Impacts
- ❖ Northern Virginia Transportation Issues
- ❖ Issues Affecting Arlington

BRAC 2005

Overview

The Congress established the 2005 BRAC Commission to ensure the integrity of the base closure and realignment process. As directed by law, the Commission will provide an objective, non-partisan, and independent review and analysis of the list of military installation recommendations issued by the Department of Defense (DoD) on May 13, 2005. The recommendations provided by DoD are extremely **complex and interrelated and will require in-depth analysis and careful attention to detail.**

The Commission will follow a fair, open, and equitable process, as set forth by statute. The Commission's mission is to assess whether the DoD recommendations substantially deviated from the Congressional criteria used to evaluate each military base. While giving priority to the criteria of military value, the Commission will also take into account the human impact of the base closures and will consider the possible economic, environmental, and other effects on the surrounding communities.

Naval Surface Warfare Center Dahlgren	\$29 M
Norfolk Naval Shipyard	\$29 M
Langley Air Force Base	\$13 M

MORE THAN \$5 Billion in MILCON

BRAC 2005

Arlington Issues

- ✘ Continued funding for Arlington BRAC Transition Center
- ✘ Arlington Commercial Space:
 - + BRAC timeline for vacating space and GSA plans for use
 - + Anti Terrorism/Force Protection 2014 mandate and Public Buildings hearings
- ✘ Federal funding opportunities, e.g., Economic Development Administration and Sustainable Communities, want “BRAC Fund” established so that we can compete for these dollars
- ✘ Transportation: Arlington Blvd and S. George Mason Drive, the addition of 1,200 BRAC jobs to the Army National Guard Readiness Center
- ✘ Defense Appropriation bill with limit on parking
